

Dear families,

At the end of another great week at Falcon, we have had a really fun day with pupils and staff celebrating World Book Day by dressing in some truly impressive book character costumes. From Narnia to Hogwarts, well done everyone for an amazing effort.

The dry weather over the past week has allowed us to reopen the field which has been popular, as always, with our footballers. Pupils have a range of equipment outside on the playground for play and our PTFA are always making contributions to enhance the outdoor play provision for Falcon pupils. In addition, the money raised through the recent Greater Athletes fundraiser is going towards more outdoor equipment so watch this space!

Year 6 have taken part in their mock SATS test which gives them a practice run ahead of the actual SATs. Staff are doing an amazing job of helping children reach their full potential to leave Falcon in a few months with an excellent foundation for their future learning journey at high school.

Finally, next week on Thursday we say a sad farewell to Mrs Lynn Moore who has managed our school kitchen and lunch service since 2019, under the employment of Norse. Lynn has been part of our Falcon community from day one and I am sure lots of staff, parents and pupils will want to thank her for her efforts to always ensure that children are fed by going out of her way to accommodate the tastes of some of the pickiest eaters! We want to wish Lynn a very happy retirement and we will miss her very much.

Fingers crossed for more of the same beautiful weather - have a lovely weekend all!

Miss Hunter.
